

Products

To provide your hair with the best possible care we use Revlon Professional Colours, Kevin Murphy & MOP (Modern Organic Products) styling and haircare products.

MOP

"MOP products are the evolution of a new standard in professional products - creating simple solutions in co-operation with nature".

- MOP shampoos are designed to provide a simple, natural solution for the cleansing of all hair types. The use of organic haircare formulas provides nutrition for healthy scalp & hair.
- MOP conditioners reduce dryness caused by physical and environmental damage. They also minimize static electricity and overall brittle texture; as well as providing specialised nutrition.
- MOP glisten is light and simple. Glisten products create high shine, volume and hold. A unique blend of certified organic ingredients promote healthy, shiny hair.
- MOP C-System products have been carefully developed as a performance savvy collection of pH balanced products that deliver superior results for every type of hair. As with all other MOP hair and body products C-system contains a synthesis of the finest organic plants, herbs and whole food derivatives that feeds your hair while protecting it against society's most damaging effects.

KEVIN MURPHY

All KEVIN.MURPHY products are Paraben free and Sulphate free. Our products contain essential oils that are naturally superior to man-made substances. They act as bio-catalysts, performing natural regenerative, moisturising and strengthening functions.

The KEVIN.MURPHY range is based upon the "no worries" Australian philosophy. Australian culture is relaxed, natural and cool and this is reflected in our product range and packaging.

KEVIN.MURPHY products give life to hair through the use of high levels of natural ingredients and essential oils that treat the hair and spirit during use.

Hair styles are created with weightless hold, meaning that the hair looks natural, product free, is never crunchy and can be brushed or combed with ease. Styles can be re-dressed throughout the day without the need for washing.

WASHES

KEVIN.MURPHY washes are sulphate and paraben free, meaning that they are gentle on the hair and scalp. For unbelievable results and beautiful healthy hair, make sure choose the shampoo to suit your hair type.

RINSES

KEVIN.MURPHY rinses are paraben free, so no nasties here. For the best results, make sure choose the conditioner that most suits your hair type.

TREATMENT

BORN.AGAIN is the centerpiece of the KEVIN.MURPHY range.

It is a unique product that contains ingredients that are so small in their molecular size and weight, they can pass into the cortex of the hair instantly. Our treatments are suited to all hair types so indulge and bring your hair back to life.

STYLING

Kevin has spent two decades doing and re-doing hair for photo shoots and catwalk shows. "After styling models' hair, over and over again, it becomes heavy and therefore hard to style,, which, when you are a perfectionist like me, is extremely frustrating. I was constantly looking for invisible styling products that gave great hold but did not weigh down the hair. After years of not being able fulfil my needs, it dawned on me that there was no choice other than to create my own line of products."
